

**Community and Mental Health Services**

## **HPV vaccination campaign**

Dear Year 8 Parents/Carers

### **Important action required by 04/03/2022**

Could we kindly ask that all parents/carers access the below link

<https://econsent.merseycare.nhs.uk/> (Use google chrome)

This will provide you with useful information about the forthcoming HPV vaccination campaign and will enable you to make an informed decision about your child's vaccinations and health. Please complete your child's HPV consent form even if you DO NOT want your child to receive this vaccination by Friday 04/03/22, as this will avoid you receiving further follow up correspondence from our service and assist with campaign delivery.

All year 8 children are offered the HPV vaccination which protects them against a range of HPV related cancers.

This HPV vaccination is a two-dose programme and you will be consenting to both doses. If you wish to change your decision or amend your form at any time after submission, you must contact the immunisation service.

### **Please do not re-submit a further consent form.**

We hope this information is helpful. If you would like to discuss anything further or require support, please do not hesitate to contact the immunisation service on 0151 295 3833

Paper copies of consent form can be requested from the school. Contact the school medical room for further information.

Many Thanks,

Liverpool School Based Immunisation Services
